Miss Anna Dillon Connor of Wilmington, Ill., the first of the graduates recital class from the conservatory of music of St. Mary's college and academy, gave the first of a series of graduate recitals Wednesday evening. She was assisted by Prof. Seidel and other members of the graduating class and by Miss Angela Madero, a former student of the school. The program was well arranged and Miss Connor's rendition brilliant.

The first number of the program was Greg's Sonata, Op. 19, and in this brilliant selection Miss Connor was assisted by Miss Hughes at second piano. In effective contrast to this was "Valse Poétique" by Leblins, the rich melody of which Miss Connor brought out beautifully. The classic number of the evening, however, was "Polonaise," by Liszt, in which the performer displayed strength and endurance. The closing number of the program was Beethoven's "Fidelio" in which Miss Connor was assisted by the Misses Baker, Radican, Downing and Carmody.

The program in full was as follows: Concert Op. 16, Greg, Miss Connor, first piano, and Miss Rodna Hughes, second piano; "Gavotte," Handel, Miss Connor; vocal solo, "Blessie," by Massenet, Miss Angela Madero, soprano, with Miss Ruth Roth at piano and Prof. Seidel on the violin; "Scherzo Op. 46," Leblins, Miss Connor; violin quartet, "Triumphant March," by Hampton, E. ## THREE TRAITS MAKE AMERICAN CITIZEN

Rev. John Alexander Speakes to High School Boys' Bible Class.

"The Spirit of Thanksgiving" and a supper were the features of the evening at the high school boys' Bible class Wednesday evening at the Y. M. C. A.

Rev. John Alexander, pastor of the First Christian church, gave a brief talk on the way we should observe Thanksgiving. He pointed out the three different classes of people who settled the United States. Those who settled at Jamestown, he said, were people who were seeking a place where they might enjoy themselves and have pleasure in abundance. Second he spoke of those who settled at New York, the Dutch, these came here for rich homes and business. The last mentioned was those who settled at Plymouth Rock, these came to America solely for the purpose of having freedom of religion, and a place where they could have political freedom.

By linking the three classes together Mr. Alexander defined a good American citizen as one who is a lover of pleasure, money and religious and political freedom.

He said the things that we should be thankful for in this generation is that we have a chance to become helpful, and better able to carry on the affairs of the country through the high schools and colleges.

A supper was served to 80 boys. The next meeting will be held Wednesday evening of next week.
